

# Birch tree

Birch is a deciduous tree. Birch has green leaves (about 10 cm). During autumn they are yellow/gold.

# Birch leaf

Trunk – bark is smooth, white, yellow or black.

Trunk

## Flowers

Appear in autumn  
Flowers are covered  
with scales. In winter  
they are hidden in  
buds.

Birch can be found mostly in forests. But we can see it in the city too.
