## THE TREE I CAN SEE FROM MY WINDOW

## THE PINE TREE

I choose this tree because is the tree of my grandmother's home. When I was 8 years old My cousins, my sister and me painted the tree with color spray in Winter. Our Xmas Tree in grandma house" we said.

The pine tree is next to de 1st window of the house. In Easter my cousins (13 and 7 years), my sister (21 years) and me stay in Cuenca to meet with our grandmother. She is very important for us.

HEIGH: 13 ft to 17 ft SPREAD: 7 ft to 10ft GROWTH RATE: Slow

FRUIT: Little pinecones

**COMMENTS:** The tree is small

**VALUE TO WILDLIFE: Low** 

**ATTRACTS**: Lots of bees and some birds

- The pine tree have a special seeds called pine cones.
- This type of tree have a lots of shapes.
  My tree have oval shape.
- The leaves are needle-like but in the picture doesn't see it.
- My tree has the evergreen leaves.
  - The bark look like old wood and swollen.
